

# BEAM REACH

## Electric Bicycle Conversion Kit

### Features:

- Easy installation
- Battery and riding status display: speed, distance, and gas gauge.
- The lightest and most durable Hi-tech lithium polymer battery on the market.
- Plug n' Drive system allows easy removal of lithium polymer battery for recharging.
- Dual Mode – Switches easily from power assisted cycling and conventional cycling in seconds.
- Battery fully charges in less than 4 hours, provides 100% peak power till the battery runs out.

### Models and Specs:

system model	power spec	battery weight
BR-M5	Li-Mn 24V / 5.2Ah / 124.8Wh / 1500 cycle	1.25Kg
BR-T5	Li-Mn-Ni 24V / 6.3Ah / 151.2Wh / 800 cycle	1.2Kg
BR-M7	Li-Mn 24V / 8.2Ah / 196.8Wh / 1700 cycle	1.8Kg
BR-T7	Li-Mn 24V / 10.3Ah / 247.2Wh / 800 cycle	1.85Kg
BR-F7	Li-Mn 24V / 7.5Ah / 168Wh / 3000 cycle	1.7Kg
